TIMBER STORY

Alexander Rose has been at the forefront of garden furniture design and manufacturing since 1994, and has gained a reputation as a market leader for high quality wooden furniture.

For twenty eight years we have designed classic wooden benches, tables and chairs using a variety of durable hardwoods and softwoods. Our timber is carefully selected for its properties, so we are confident that we offer the best wooden furniture available on the market.

Our timber catalogue offers full ranges of furniture from responsibly managed forests. Our premium hardwood ranges are made from the strongest and most durable timbers for outdoor furniture; Roble from Bolivia and Teak from South America.

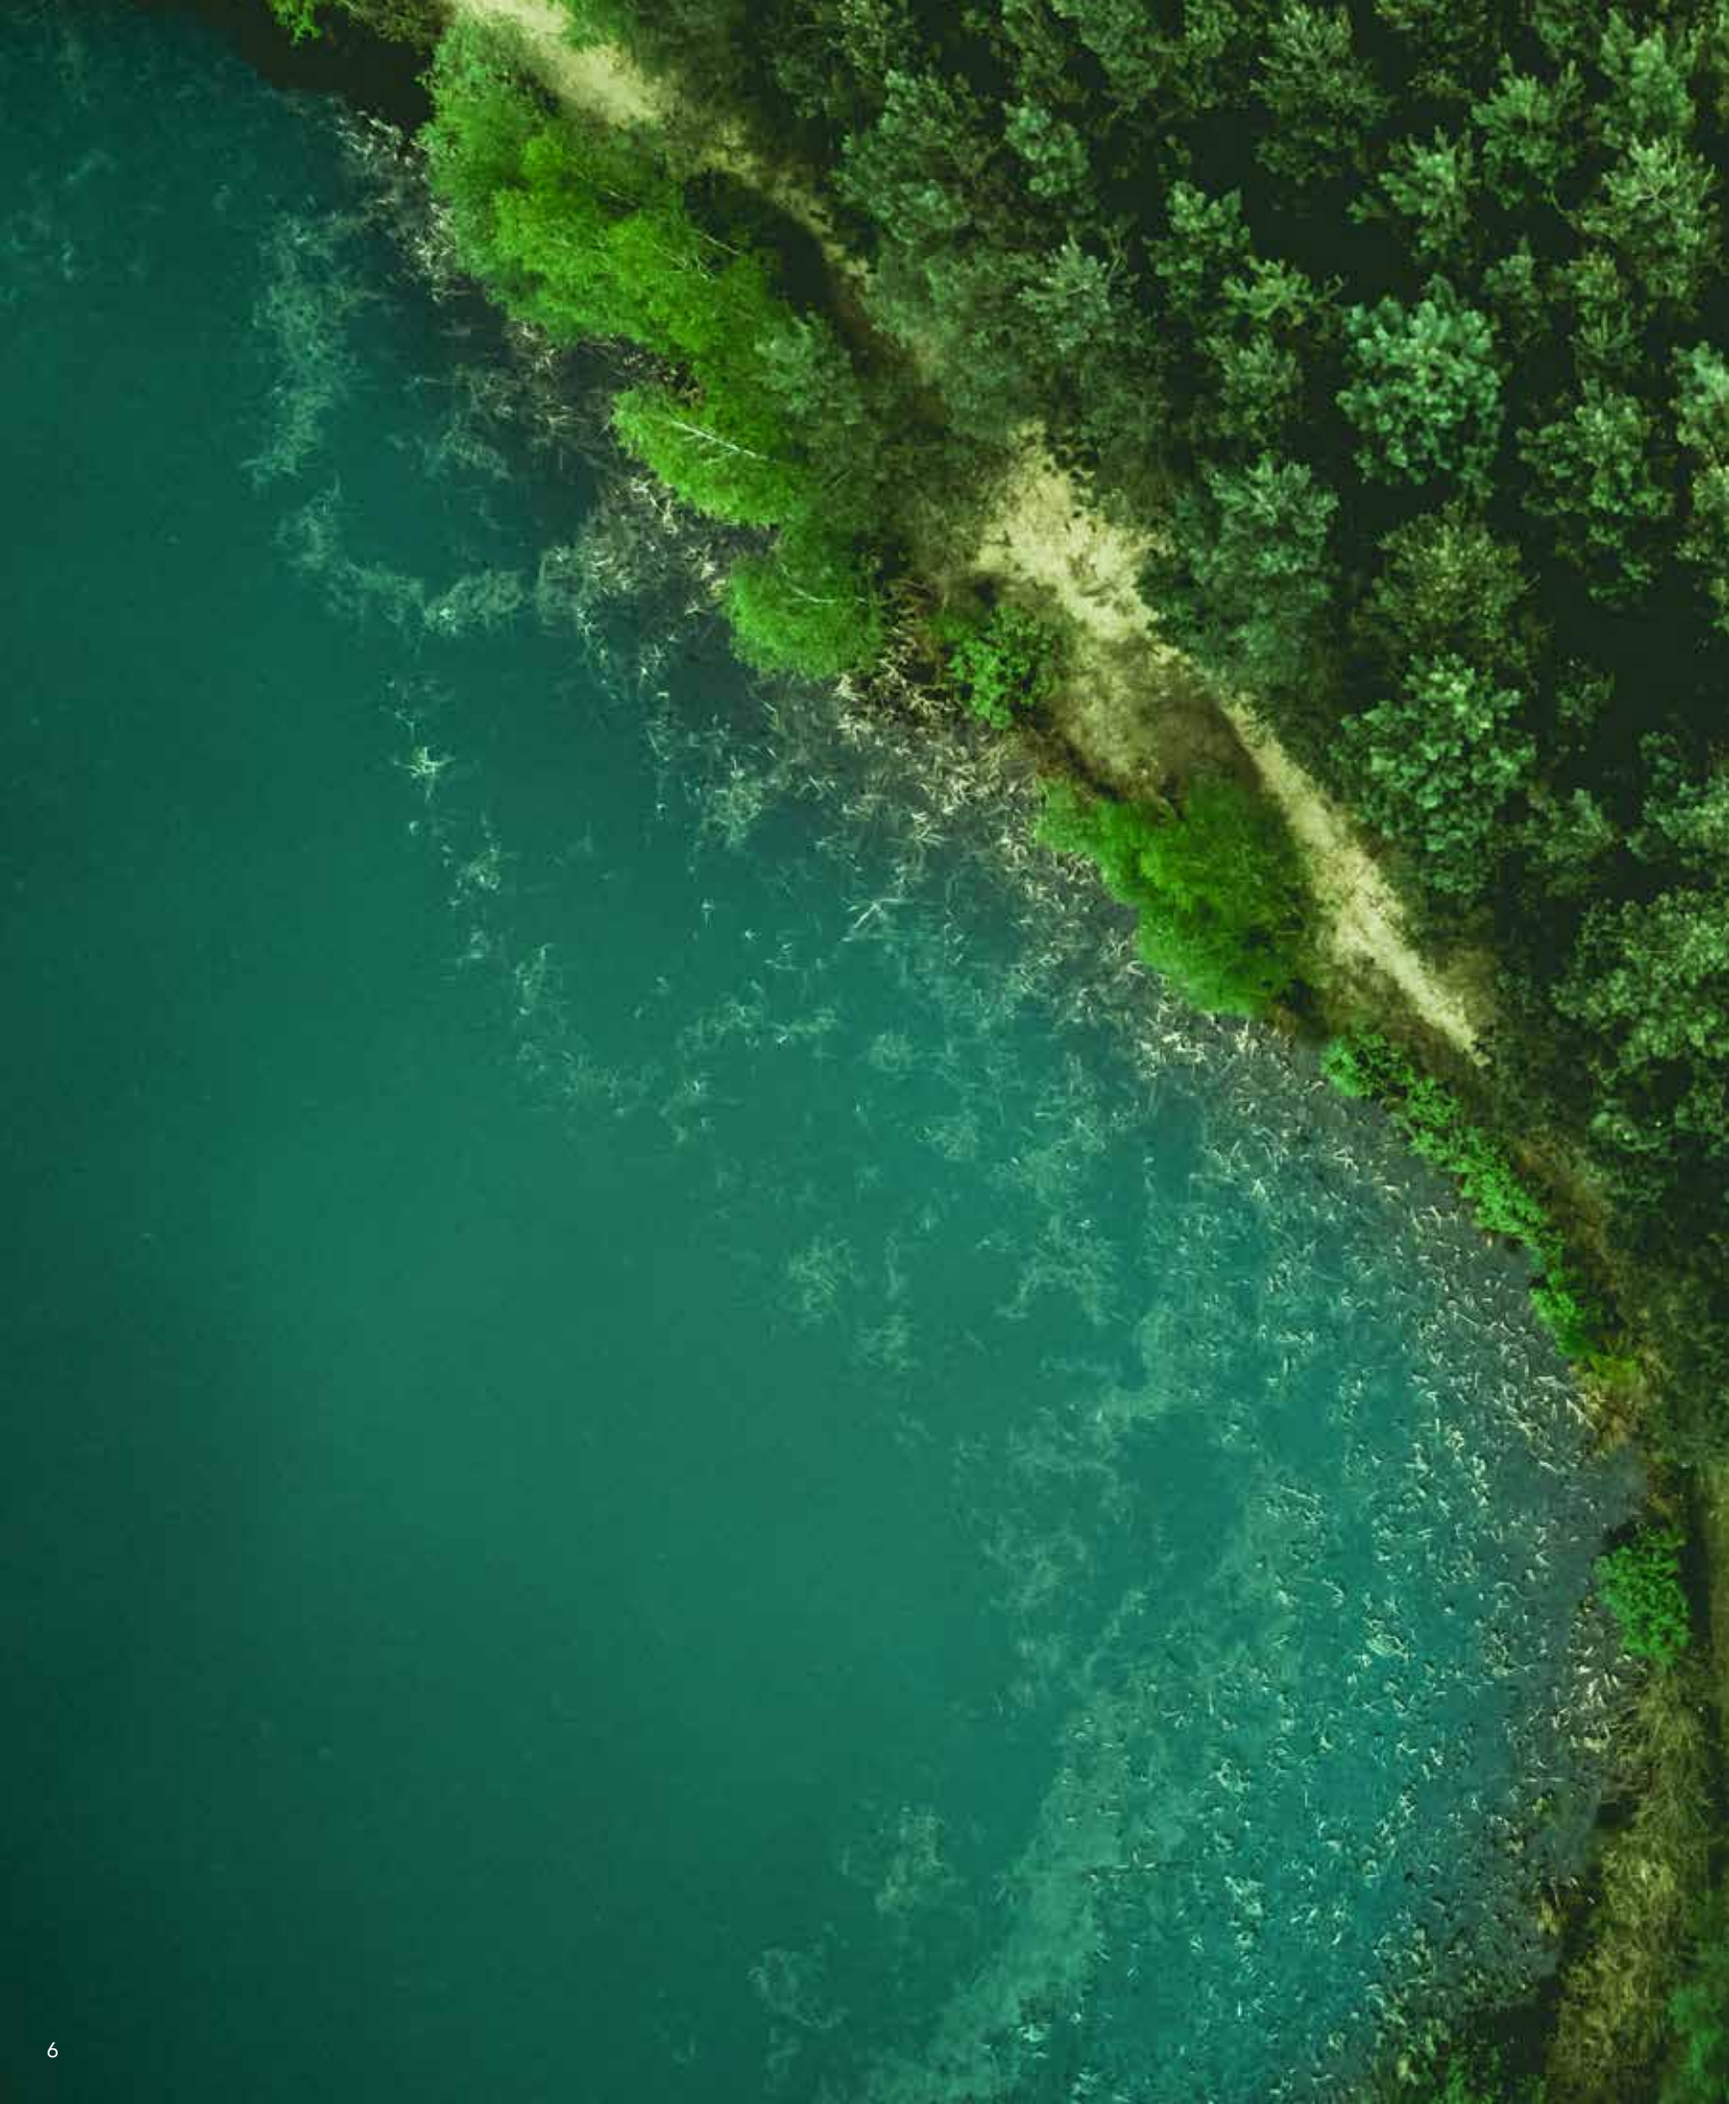

We also offer hardwood ranges in Mahogany and Acacia, in a variety of painted colours; chestnut for the Sherwood furniture, grey for the Old England and white for the New England. We also have one softwood range made from European Pine.

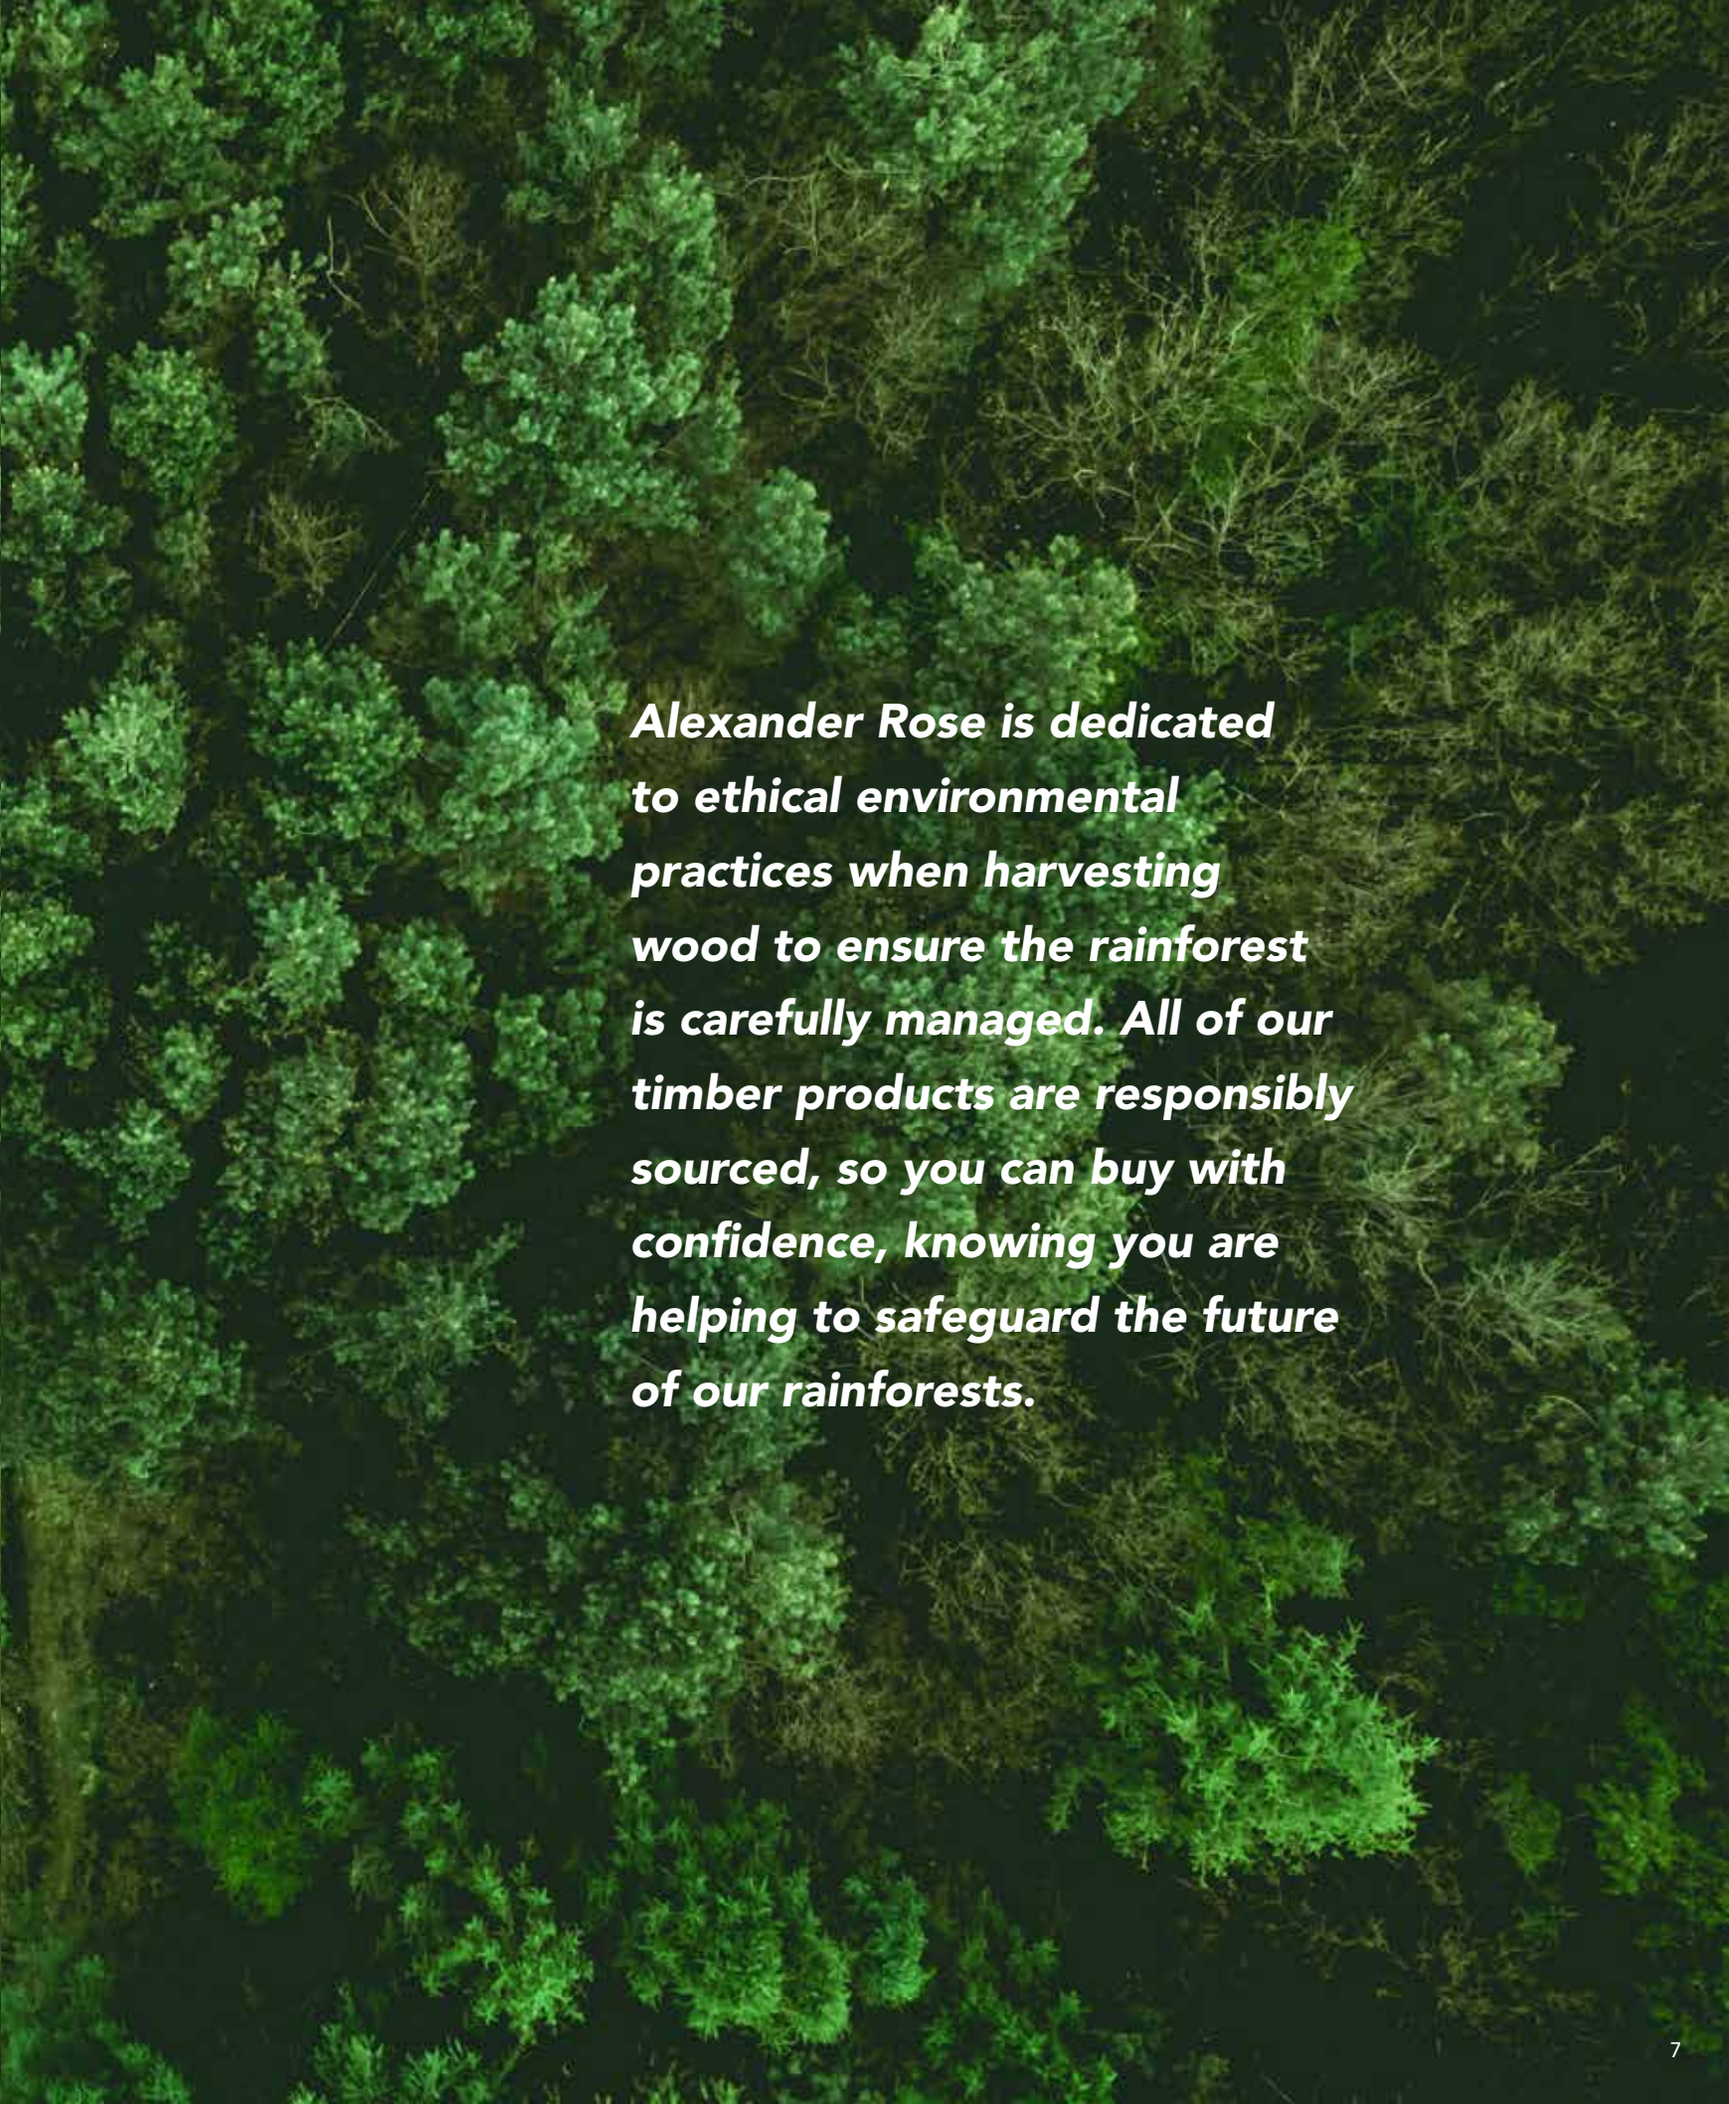

2022 sees the launch of Sorrento dining, an exciting addition to our very popular Sorrento collection, created by our in-house design team.

As you scroll through our latest catalogue, we are sure that you will find something to suit your needs and your style.

Look for FSC® certified products

Alexander Rose is dedicated to ethical environmental practices when harvesting wood to ensure the rainforest is carefully managed. All of our timber products are responsibly sourced, so you can buy with confidence, knowing you are helping to safeguard the future of our rainforests.

10 WARRANTY YEAR

SORRENTO

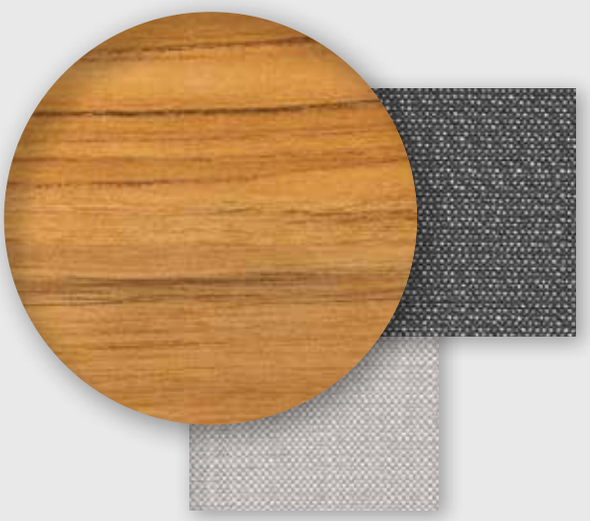

(tectona grandis)

Invites your imagination on a journey to this beautiful Southern Italian Peninsula, where you can sip Limoncellos with olives and nuts, and before too long realise that you are in your own garden enjoying the most luxurious of all Alexander Rose furniture, the Sorrento.

Following on from the success of the Teak modular lounge set, Alexander Rose is proud to launch Sorrento Dining; two large statement plank-top tables adorned with curvaceous armchairs that will be the talk of the town.

Using FSC® 100% Teak as the chosen timber, our in-house design team challenged our factories' machining capability, to achieve the slatted back feature that epitomises Sorrento. Deep seating luxurious cushions have been developed using high quality fabrics.

See page 23 for fabric options.

TEAK

(tectona grandis)

The "King of Timbers" as it is commonly known, has been utilised to create our stunning plank tables, that without doubt have the extreme wow factor as far as garden furniture is concerned.

Beautifully crafted planks machined from thick slabs and sanded to a silky-smooth surface rest on a "solid as rock" cross frame base. The 2.4m and 3m length tables really represent a substantial and impressive piece of kit.
To show the tables off even more, your choice of chairs can create a fantastic contrast of colour and texture, such as our San Marino and Monte Carlo traditional woven armchairs.

Our FSC® 100% Teak is a rich golden-brown timber, with a fine figured grain, an even texture with a beautiful lustre. Teak's high oil content makes it naturally water repellent and incredibly durable, and can last easily up to 25 years without treatment. Over time teak will weather to a sophisticated silvery-grey finish.

ACACIA

(acacia mangium)

Alexander Rose is well known for their pioneering picnic sets, so it is not surprising that for this season you will now be able to feast around our splendid "live edge" table and bench set, with its enticing colourful grain and organic appeal. So, uncork the bubbles and celebrate this absolute cracker!

Our children's director chair is the perfect gift for any occasion. It can be custom embroidered with their name, in a choice of colours. Next time you have a kids' party to brainstorm, we have the perfect solution for the birthday girl or boy.

Our Acacia is FSC® 100% certified.

ROBLE

(amburana caerensis)

Provides some of the most beautiful garden furniture available in a selection of contemporary and traditional designs. Manufactured at our own factory in Bolivia, this timber is extremely durable, has light yellow interlocking grain, and these warm natural tones blend in perfectly with any outdoor space.

The traditional pedestal table and recliners have been an iconic Alexander Rose design now for over 20 years, which is testament to its elegance, timeless sophistication, and quality craftsmanship.

Whether you have got your eye on one of the Roble dining or lounge sets, you can rest assured that this range of wooden garden furniture scores highly when it comes to durability. The impressive Roble tree grows very slowly and takes over 100 years to reach full maturity!

Our Roble is FSC® 100% certified.

SHERWOOD

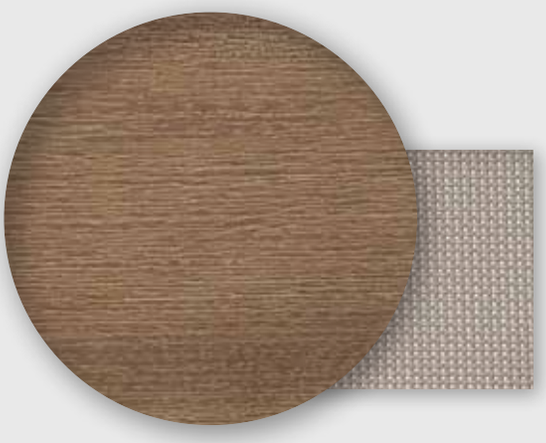

(acacia mangium)

Sherwood is perfect for those looking for a large choice of traditional style garden furniture. All products within the range are made from durable Acacia hardwood, with a warm, chestnut-brown painted finish.

The slightly textured appearance has been through a controlled wire brushing process to achieve the signature look of the range. It is a true example of quality craftsmanship, combined with quality materials – a definite win, win.

This range is one of our most popular and largest, with over 30 items on offer. So, take some time out when choosing your favourites, whether you feel like snoozing in the elegant Barley Sling Recliner, or sharing a pizza on the Gateleg Table.

Our Sherwood is FSC® 100% certified and comes with a 3-year warranty.

MAHOGANY

(entandrophragma cyclindricum)

Our Mahogany benches have always had a reputation for their lovely form, soft pinkish red colour and the lumbar supporting back slats. The latest designs added to this compact collection are the Lattice back bench and the adjustable Regency sunbed. These beautiful standalone designs will enhance any outdoor space with complete style.

Mahogany is a durable hardwood with all the characteristics for making strong and elegant garden furniture. Our Mahogany is sourced from managed forests in The Congo. It is red/pink in colour when freshly cut, mellowing to a silver/grey over time.

Our Mahogany is FSC® 100% certified.

OLD ENGLAND

(acacia mangium)

This smart combination of brushed timber tables with rattan woven bucket chairs is spot on for the "mixed material" trend. These distinctive dining and lounge sets are finished in a durable grey polyurethane paint to give them a characteristic aged look.

The grey painted bench set is practical and perfect for hosting large family dinners. When required, you can treat your furniture by lightly sanding it down and re-applying a coat of satin paint.

Our Old England is FSC® 100% certified

3 WARRANTY YEAR

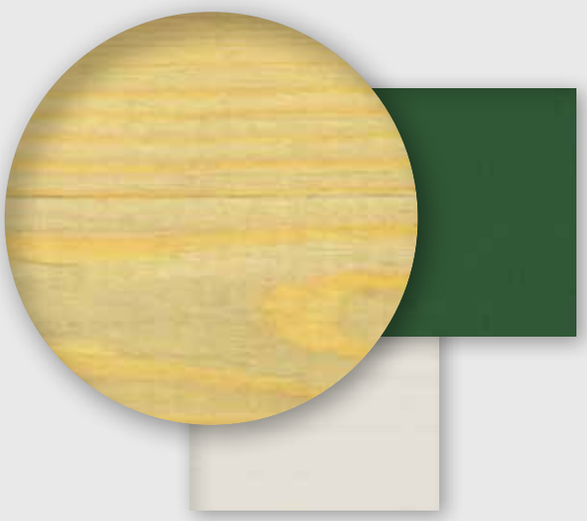

PINE

(pinus sylvestris)

Anyone for a pub lunch - at home? Alexander Rose has the perfect solution! Call up your mates, grab a case of beers and get the BBQ out ready to dine at the Alexander Rose "old faithful" Farmers Table or Picnic Sets, before having an afternoon snooze on the canopied swing seat. Can it get any better?

Our Pine is carefully sourced from responsibly managed forests in Eastern Europe. The timber has a large figurative grain, and the yellow/green colour has been treated to make it suitable for outdoor use and will mellow over time to an attractive silver/grey.

Our Pine is FSC® MIX certified.

ACCESSORIES

Enhance your outdoor space with our extensive range of accessories; from colourful scatter cushions and parasols to protective furniture covers and treatments.

We offer a selection of weather resistant storage bags for your cushions, which we recommend you use to protect them from the elements.

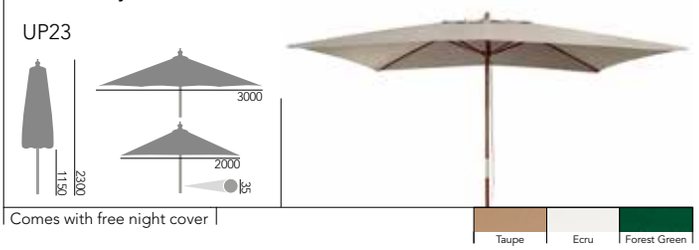

For personalising your timber furniture, we offer an engraving service directly onto the timber or a choice of brass or stainless steel plaques.

For full warranty policy on our range of accessories please refer to our website.

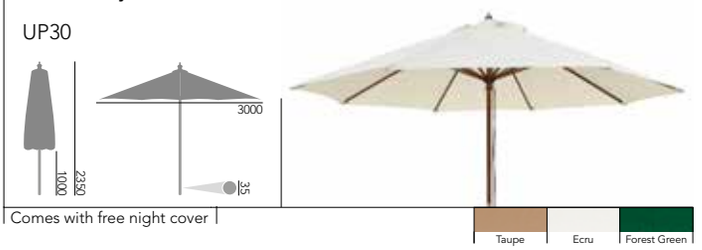

HARDWOOD PARASOLS

Alexander Rose hardwood parasols are operated using a pulley and locking pin system. Simply pull the rope down to raise your parasol up to the desired height and place the brass pin in one of the pole holes to secure. To lower the parasol remove the locking pin and slowly let the rope pass through your hands until the canopy is folded. We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

LUXE HARDWOOD PARASOLS

A twist on our classic hardwood parasol which has the same trusted pulley and locking pin system, what's different about this parasol is the addition of faux leather patches covering the canopy's tips to reinforce the material. The thickness of the parasol's pole has been increased, making for an all-round sturdier parasol. We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

CANTILEVER PARASOLS

Our elegant cantilever parasols can be positioned to provide maximum shade. They appear to float above the furniture and can be manually rotated to follow the sun. They are free standing, which allows you to position the furniture underneath rather than around a central pole as with conventional designs. The crank mechanism enables effortless use.

The parasols are made using lightweight durable polyester fabric which is water resistant and easy to clean. To clean your parasol we advise that the fabric is kept attached to the frame. For best results use a soft brush or broom and warm soapy water. For more stubborn stains the canopy can be removed and washed at 30˚C. Once washed it is important to put the canopy back on the frame to dry.

UH35

The UH35 is an 8 spoke 3.5m cantilever parasol. As with the UHP, its easy crank mechanism makes raising and lowering one smooth movement. The canopy can be adjusted into 7 positions to give maximum shade from the sun. Use with our UHGB90 granite base. The UH35 comes with a free night cover.

UH35						●			●	

CANTILEVER PARASOLS

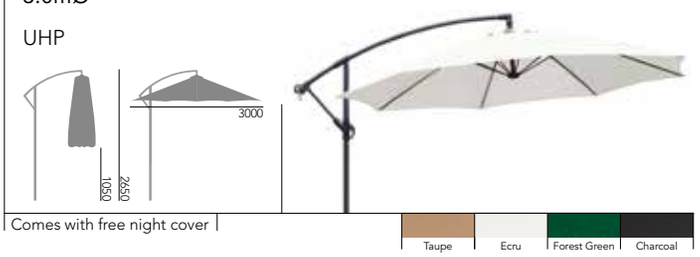

UHP

The UHP parasol is easy to operate with the simple handle and lock mechanism. To rotate the parasol simply unlock the handle and move into the desired position, and then lock the handle to secure. The UHP can be easily bolted to an Alexander Rose UHGB50 granite base. To be used with a FC17 cover.

CANTILEVER PARASOLS

GRANITE BASES

We recommend using the GB11 (11kg) for a four seater set and GB20 (20kg) or GB30 (30kg) for six seater sets or more.

COMPOSITE BASE

The composite base is for use with parasols being used through the centre of a table.

It has a locking handle on the stem of the base to secure the parasol in place, minimising movement.

CANTILEVER BASE 50KG

The UHGB50 base is designed to be used with the UHP range of cantilever parasols.

It has convenient small wheels, allowing the base to be moved along a flat surface easily.

CANTILEVER BASE 90KG

The UHGB90 base has been designed to be used with the UH35 and UH30.

The UHGB90 has locking wheels to secure the parasol and prevent any movement.

CUSHION STORAGE BAGS

CUSHION STORAGE BAGS

Our cushion bags come in three sizes; small, medium and large, to accommodate your set of cushions. All of our bags are weather resistant. We recommend storing the cushions in the bag in a dry place when not required.

SMALL CUSHION BAG

The small cushion bag is designed for furniture cushions, it will also hold several scatter cushions.

MEDIUM CUSHION BAG

The medium cushion bag is designed for sofa set cushions and many other sizes of cushion.

LARGE CUSHION BAG

The large cushion bag is designed for our larger cushion pieces, such as the Ocean Hut, modular sofa sets and Beach Lounge sets.

FURNITURE COVERS

Our covers are breathable and protect against the build up of dirt and ensure less furniture maintenance is required. The covers come with ties and cords for securing to the furniture. It may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce the amount of sagging and will help the airflow around the furniture. This will prevent the chance of rotting occurring.

CUSHION CLEANING TIPS

1. Brush off any loose dirt.

2. Prepare a cleaning solution of 1:16 mild detergent to lukewarm water.

3. Use a sponge or a soft bristle brush to clean.

4. Allow cleaning solution to soak into the fabric.

5. Rinse thoroughly to remove all soap residue.

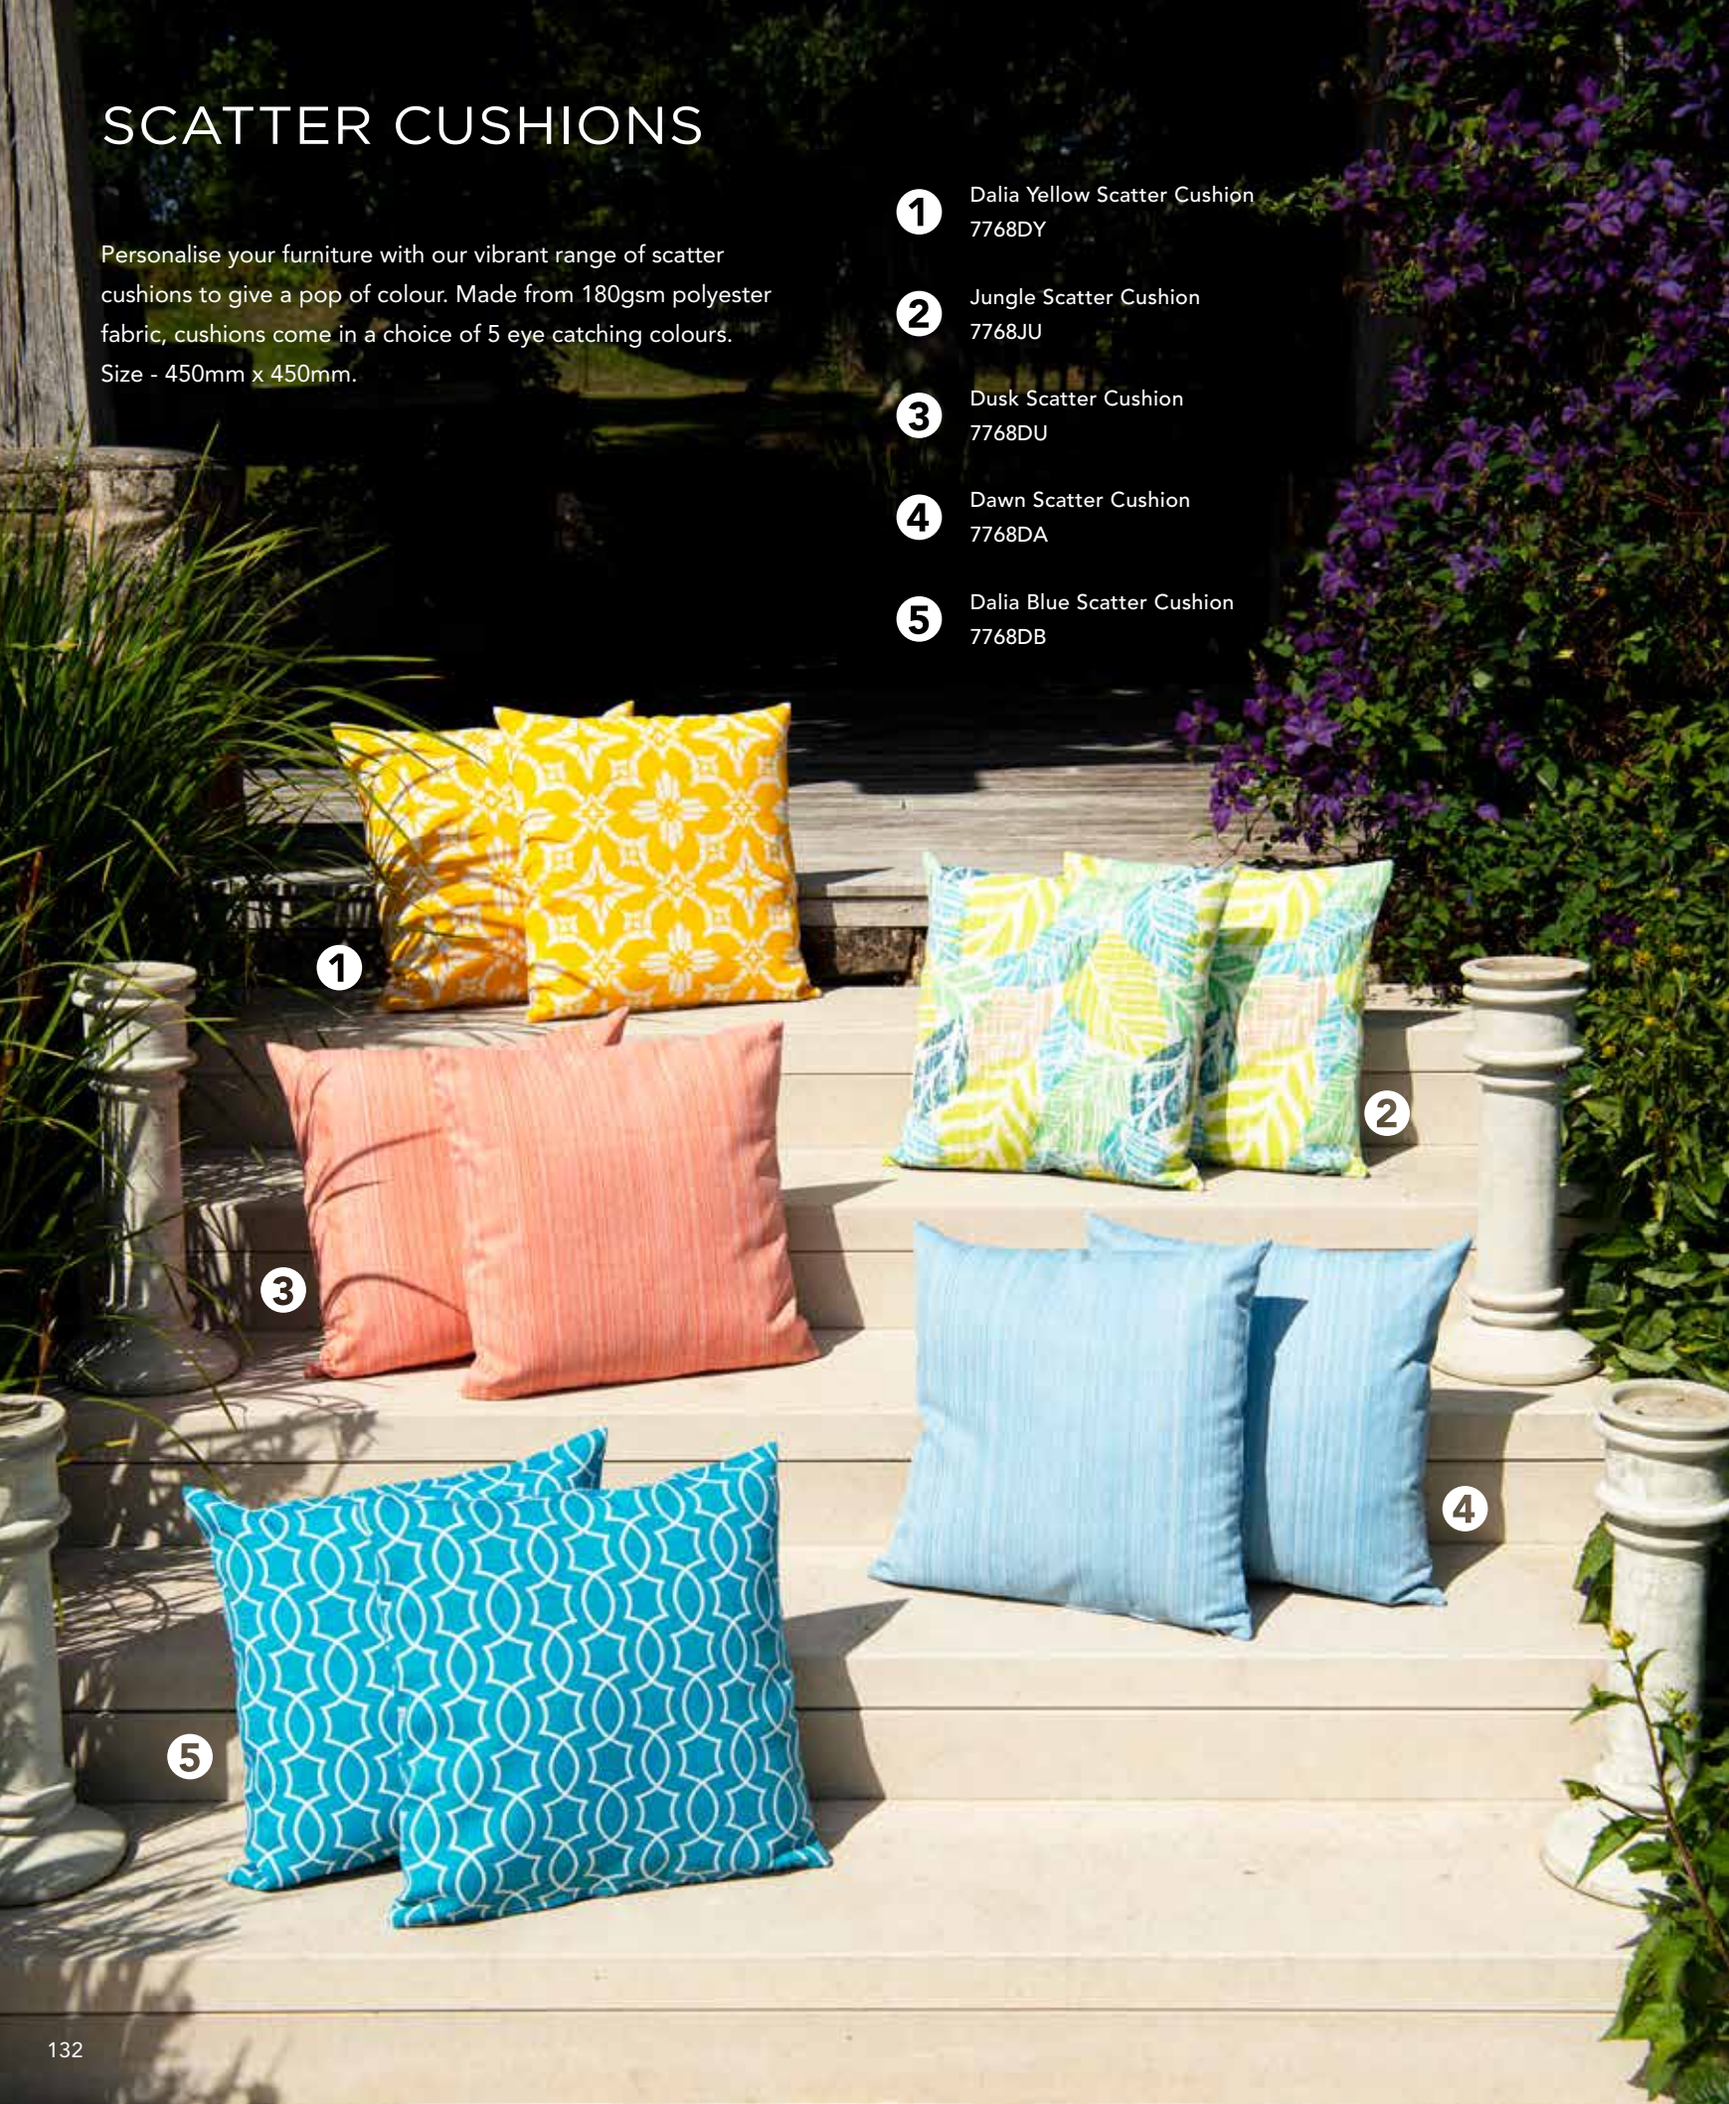

6. Allow fabric to air dry.

Do not dry clean, iron, steam iron or tumble dry cushions.
Do not use bleach or strong detergents.

SCATTER CUSHIONS

Personalise your furniture with our vibrant range of scatter cushions to give a pop of colour. Made from 180gsm polyester fabric, cushions come in a choice of 5 eye catching colours. Size - 450mm x 450mm.

BENCH ENGRAVINGS

Alexander Rose offers an engraving service with three options: brass plaque, stainless steel plaque and direct engravings onto our furniture. Our brass plaque offers a more traditional look for your inscription. Stainless steel plaques provide a more contemporary look with a silver shine, and they will not rust.

If you are looking for something unique we offer a direct engraving service. Your inscription is carved directly into the timber by a computer-aided engraving machine. A direct engraving will mellow down along with the bench to a silver/grey finish if left untreated. You will find treatment recommendations on page 126.

FURNITURE ANCHORS

We have designed two types of anchors for different surfaces, the most common being lawns. Using an Alexander Rose soft ground anchor kit avoids the need for concrete. Installation is quick and easy without any mess.

Our soft ground anchors come with solid brass plates that screw onto the outside legs. These have sleeves to allow the anchors to pass through and penetrate the surface. When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security.

Our bolt down anchors are designed to be used with concrete. They have a maximum depth of 110mm and require a 20mm masonary drill bit to install them.

TIMBER TREATMENT

Alexander Rose manufactures garden furniture which will last for many years. Over time, as part of the natural weathering process, cracks and splits will appear in the wood, particularly on the end grain and to a lesser extent on the surface. The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals in the wood from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors. Our timber furniture is designed with this in mind and its strength and durability will remain unaffected.

Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood. Alternatively it can be left to turn a mellow silver/ grey, and should be cleaned occasionally with soapy water.

Timber Treatment

ARTT

VOL | 500ml

Protects the natural look of all hardwood timbers by enhancing its appearance.
Can be used on: **Sorrento, Roble, Mahogany**

Timber Sealer

ARTS

VOL | 500ml

Protects against weathering and reduces moisture absorption.
Can be used on: **Sorrento, Roble, Sherwood, Mahogany, Pine, Old England**

Timber Cleaner

GT2

VOL | 1000ml

Cleans and brightens weathered timbers.
Can be used on: **Sorrento, Roble, Mahogany, Pine**

Cornis Oil

ARTB

VOL | 500ml

Helps restore Cornis timber back to its original brownish colour.
Can be used on: **Cornis**

Timber Protector

GT3

VOL | 1000ml

Nourishes and gives a uniformed appearance. Slows the discolouration from sunlight.
Can be used on: **Sorrento, Roble**

Timber Shield

GT5

VOL | 1000ml

Makes timber repellent to water and moisture. Helps prevent stains.
Can be used on: **Sorrento, Roble**

Treated with Oil & Sealer

TIMBER MAINTENANCE

Weathering occurs over a period of time, and you can expect to see changes in the timber after a few weeks. Timber is a natural material, it absorbs moisture in wet conditions and is likely to expand. In dry conditions the timber dries and may shrink a small amount. As the material moves, surface cracks will appear in the timber. You can maintain the appearance of your furniture by lightly sanding down the timber and applying one of our specially formulated care products.

PAINTED ACACIA MAINTENANCE

The white painted Acacia furniture is produced by applying a polyurethane paint to the Acacia timber. After time there may be hairline cracks in the finish, due to the timber moving. Expansion and contraction of timber is normal and is caused by climatic variation, this is more noticeable around the joints.

New England benches are designed to be used outside.
We recommend regular maintenance to retain their original condition. This can be done by sanding the affected area down to the natural timber, then evenly re-applying a white satin polyurethane paint to the area. Polyurethane paint can be purchased from any DIY or Hardware store. If you are unsure about what paint to use please contact Alexander Rose.

All sizes, weights and dimensions are an approximate figure. We reserve the right to change and improve designs and specifications without notice.
